\* Easy & fun battle system \*

Touch an enemy soldier and arrows are automatically shot at him continuously. As enemy soldiers move toward the city gate seeking to break it, you try to repel them before the gate is broken.

\* Let's master "Scheme" \*

"Scheme" includes "Backup" to attack enemies, and "Princess" attack power is increased by cheers. Through the strategic use of these plots, you can continue to fight off many enemies.

\* Story \*

Once upon a time there was a impregnable castle. The castle, an important base for national unification, had been targeted by various warlords. The castle is about to be attacked again today. Can you defend the castle yourself?

\* Point of interest \*

The player who leads the army of this castle will enjoy the game of defending

the castle by your own strategic approach.
